

Introducing **TotalRecycle**

Address: 1270 Lincoln Rd
Birdsboro, PA 19508

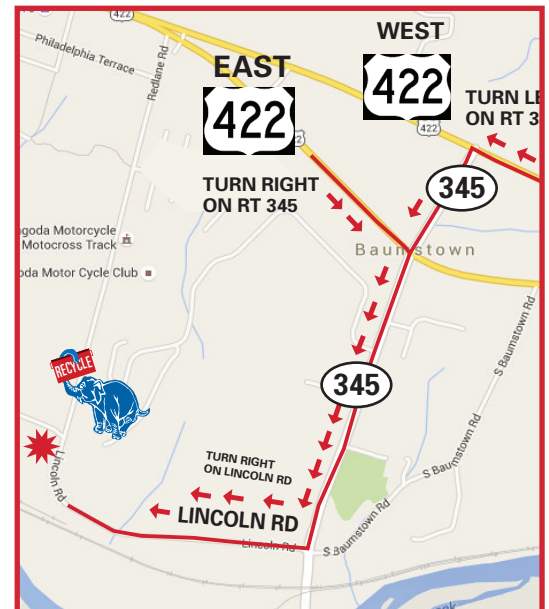

Now Open: Monday through Saturday 7:00 am. to 5:00 p.m.

J.P. Mascaro & Sons is proud to open TotalRecycle, Inc. Situated on 14 acres of industrial property in Exeter Township, Berks County, this facility is designated as a one-stop recycling operation. If it can be recycled, we are the place to deposit your items.

We have now opened Phase I of our site. TotalRecycle is a fully enclosed, innovative, 75,000 sq. ft. facility capable of recycling single and dual streams of materials. This cutting-edge facility is also a bonded and certified document destruction and/or shredding operation.

As waste haulers ourselves, we designed TotalRecycle to seamlessly provide the necessary advantages to hauling/recycling operators. Our quick and efficient set-up is designed to minimize inbound and outbound vehicle times. Additionally, our architecture allows for your customers to witness their recyclables being processed from our state-of-the-art catwalk as well as our sophisticated camera and security systems from our educational center.

TotalRecycle is fully bonded and insured in excess of \$25,000,000.00.
