**SUBJECT: MASCARO WINS CONTRACT VALUED AT \$47 MILLION TO SERVE
WARMINSTER TOWNSHIP, BUCKS COUNTY**

Warminster Township has awarded its comprehensive waste and recyclable materials collection contract, valued at \$47 million, to local solid waste company J. P. Mascaro & Sons. The five-year contract, with two optional one-year extensions, includes twice-weekly trash collection, weekly recycling pickup, and seasonal yard waste removal from April through December. It remains one of the largest municipal contracts in the region. Mascaro will dispose of the Township's waste at its Pioneer Crossing Landfill, and its recyclables will be processed at Mascaro's state-of-the-art TotalRecycle, Inc. materials recovery facility. The contract will be serviced by Mascaro's Bridgeport Division.

"We are pleased to have been awarded this new long-term contract with Warminster Township and look forward to continuing our long-term relationship with the Township," noted Pat Mascaro, Sr., company President.

Founded and headquartered in Lower Providence Township, Montgomery County, J. P. Mascaro & Sons is the largest privately-owned waste company in the Northeast. Established by Joseph P. Mascaro, Sr., nearly 60 years ago, the company is now led by his sons and third generation Mascaro family members. Mascaro's infrastructure has positioned it as a leading provider of municipal services throughout the area, delivering high-quality trash and recycling solutions to thousands of homes, businesses and industries.
